Workshops:

We can structure our workshops to suit your requirements within these guidelines:

- **One year group at a time, working in small groups to make several small sculptures.**
- **Groups of 4-6 at a time, depending on ages, to work on a large sculptures**
- **Groups of mixed ages and abilities to work on either small sculptures or a single large sculpture.**
- **Whole classes, introduced to the subject 6 at a time to work on individual items such as the woven fish. The introductions are staggered This way we can spend time making sure that the children are achieving the objectives while new groups are being introduced to the subject. We also actively encourage peer assistance where a pupil shows an aptitude for the task.**
- **Whole classes at a time, where adults are able to assist. This could be Teachers, TA's, or Parent Volunteers.**

Cost of workshop: £250.00 per day

Travel charged at £0.40 per mile each way
Materials will be charged for according to the needs of the chosen workshop.
Cost includes all planning.

All our artists have enhanced CRB checks.

Workshops are run on your premises.
